Federal Street Auckland

Federal Street is the key entry street to Auckland and the Sky Tower, Sky Casino and Sky Grand Hotel, all major attractions in Auckland. The Boffa Miskell custom designed space and furniture of two toned polished stone seats contrasting with the dark stone pavement, thus delineating traffic and pedestrian spaces. A ceiling of fairly lights stretched across the street gives the sense of bizarre, reflects off the pavement and seating heightening the sense of entertainment and excitement. HUB also designed and supplied the 15m high sculptural tower hiding the bank of flood lights aimed at the Sky Tower base. This new shared zones has attracted a new level of high end restaurants and entertainment adding to the popularity of Auckland's gateway street.

CLIENT
Auckland City Council

HUB ROLE
Design and supply of a custom suite of furniture and sculptural tower (Boffa Miskell)
